Pop-up Camp: MAY 9th - 10th

2026

About Us

More Than Camps are intentionally smaller, high-quality volleyball experiences designed for athlete growth.

We combine elite indoor and beach volleyball training with holistic athlete development where every athlete is seen, supported, and challenged.

This pop-up camp welcomes both male and female athletes.

‘It was definitely a success. My children loved it and enjoyed themselves immensely. I would definitely do it again. The instructors were lovely and very attentive to them. They had fun and learned a lot, a perfect combination. Thank you all for such a special weekend for them.’
